

WORK INTEGRATED LEARNING PROGRAM

Pathway from Diploma to B.Tech

PROGRAM DESCRIPTION

- Academic degree program, specifically designed to accommodate individuals who are already employed.
- Diploma workers who lost out on the opportunity to get a degree, can earn a B. Tech / BE degree while continuing to work at their office/workplace.
- Higher Education Institutions (HEIs) and NSDC provide the academic and physical infrastructure outside the workplace for the realization of academic requirements for the program.
- Employers can create an enriching career path for diploma workers, engage and retain them for 3 -5 years.
